100% Polyester/
100% polyester

reduziert die Schwankbewegung/
reduces unsteadiness

für Ampelschirme mit
Feststellschraube/
for hanging parasols
with locking screw

260 mm Ø
max. Mastumfang/
max. pole circumference

**STEP 1**

1 x

**STEP 2**

2 x

**STEP 3**

2 x

**STEP 4**

Geeignet für/ suitable for:
Monaco 3x3, Rhodos, Rhodos Grande,
Rhodos Twist Serie, Rhodos Blacklight,
Rhodos Rondo, Rhodos Smart

ACHTUNG: Die Ampelschirm-Windsicherung erhöht NICHT die Standsicherheit Ihres Ampelschirmes. Die Standsicherheit hängt maßgeblich vom Gewicht und der Größe des verwendeten Schirmständers ab! Sie dient lediglich der Reduzierung der Bewegung des Schirmdaches sowie der Belastung des Schirmgestells.

IMPORTANT: The hanging parasol wind stabiliser does not increase the stability of the hanging parasol. The stability depends primarily on the weight and the size of the parasol stand that is used! The wind stabiliser only reduces the movement of the canopy and the strain on the parasol frame.
